## The best experience transferees **want.** The global program efficiency you **need.**

WITH AVAIL, YOU CAN CHOOSE BOTH.

## How can you choose both?

### BECAUSE AVAIL BRINGS EXPERIENCED, KNOWLEDGEABLE RELOCATION TEAMS.

As part of Atlas, North America's second largest van line and the industry's most dedicated corporate relocation partner, we bring a broad-spectrum view of moving policies. That perspective works for you to help develop the most fair and equitable policy — for the transferee and the company.

## BECAUSE AVAIL DEVELOPS A COMPETITIVE POLICY, AND KEEPS IT ON TRACK.

By coordinating our supply chain from a large pool of service providers and by constantly auditing and evaluating your program, we keep it on the track you intended.

## The best experience for transferees.

An efficient move management program for you doesn't come at the expense of your transferees' satisfaction. The most efficient and customer-service oriented suppliers are selected. And, every transferee is assigned an experienced Avail Service Coordinator.

# Global move management. Program efficiency.

Avail people and systems combine with our data collection to bring a global perspective to your move management. Experience with clients from many different regions and industries has taught us how to most efficiently coordinate the multiple, fast-moving elements of move management around the globe.

#### THE POWER OF INFORMATION

With the information about every move at our fingertips, and knowledge of your policy, Avail sets the stage for best experience for your customer, the transferee. Our Avail Service Coordinators are trained to be pleasant communicators, providing personal attention and accurate responses about what is expected from your policy. **Avail also offers a Private-Label Service Coordinator program. Your transferees can be greeted on the phone and online with your company's own identity.** 

## We're their partner.

#### FOR TRANSFEREES, THROUGHOUT THE RELOCATION.

Each transferee is assigned a personal Avail Service Coordinator. The same individual who begins a move with a transferee is available to assist and answer any questions throughout the relocation. Our systems keep every piece of information about household goods, suppliers and time frames ready for immediate retrieval. If there's a question beyond a coordinator's expertise, the entire Avail team can be accessed. Our first job is to make every relocation a success in the eyes of the transferee.
